ULTRASOUND-GUIDED PAIN PROCEDURES: BACK TO BASICS

17-18 February 2015

Lectures & Hand-on workshop ultrasound body scanning:

**910 AB 9th floor, Ramathibodi Hospital,
Mahidol University**

19-20 February 2015

Two-day case-based discussion and live Demonstration:

**Room 621 Ramathibodi Hospital,
Mahidol University**

Ultrasound-guided Pain Procedures: Back to Basics

This is a 4 days intensive ultrasound workshop offered to anesthesiologists who wish to learn the BASIC skills of ultrasound guided pain procedures. At the end of this course, participants would have acquired a thorough knowledge of the imaging and needling techniques for nerve blocks in the following regions of the body

1. Cervical spine; cervical medial branch block, stellate ganglion block (SGB)
2. Lumbar spine; sacroiliac joint (SIJ), lumbar medial branch block, caudal and piriformis injection
3. Occipital/shoulder area; Great occipital nerve (GON), supra-scapular nerve
4. Intercostal nerve and abdominal wall (genitofemoral nerve (GFN), lateral femoral cutaneous nerve (LFCN))

Assoc.Prof. Roderick Finlayson

Director, Interventional pain management,
McGill MUHC pain unit,
Montreal, Canada

17 February 2015 : Lectures

Moderator: Dr.Sasikarn Nimmaanrat

8.00-9.00 Basic of Ultrasound in MSK

Dr.Niyata Chitrapazt

9.00-10.00 Cervical sonoanatomy

Dr.Roderick Finlayson

10.00-10.15 Coffee break

10.15-11.00 Lumbar sonoanatomy

Dr.Roderick Finlayson

11.00-12.00 Occipital, suprascapular, intercostal, abdominal wall sonoanatomy

Dr. Sujitra Tongprasert

12.00-13.00 Lunch

13.00-14.00 Recent evidences of ultrasound guided pain procedures

Dr.Roderick Finlayson

14.00-14.45 Tips and pitfalls of procedures

Dr. Sujitra Tongprasert

14.45-15.00 Q & A

15.00-15.15 Coffee break

18 February 2015 : Hand-on ultrasound body scanning workshop

4 stations: 6-8 persons each group, all participants will rotate to every station.

Station moderator: Dr. Sasikarn Nimmaanrat,

1.Cervical spine (cervical facet, SGB): Dr. Roderick F., Dr. Koravee P.

2.Lumbar spine (lumbar facet, SIJ, caudal/piriformis): Dr. Passakorn S., Worakamol T.

3.GON, suprascapular nerve: Dr. Sujitra T., Piyamart S., Nuj T.

4.Intercostal nerve and GFN/LFCN: Dr. Theerawat C, Dr. Pranee R.

9.00-10.00; refreshment

10.00-11.00; rotate to one of four stations

11.00-12.00; change station

12.00-13.00; lunch

13.00-14.00; change station

14.00-15.00; change station

15.00-15.30; coffee break with Q & A

19 February 2015 : Case-based discussion and live demonstration

Moderator: Dr.Nuj Tontisirin

9.00-12.00 Cervical spine; cervical medial branch block, stellate ganglion block (SGB)

9.00-10.00 Case presentation (4 cases)

10.00-10.15 coffee break

10.15-12.00 Live demonstration

12.00-13.00 Lunch

13.00-16.00 Lumbar spine intervention (SIJ, lumbar facet, caudal, piriformis injection)

13.00-14.00 Case presentation (4 cases)

14.00-14.15 coffee break

14.15-16.00 Live demonstration

16.00-16.15 coffee break with Q & A

20 February 2015 : Case-based discussion and live demonstration

Moderator: Dr.Sasikarn Nimmaanrat

9.00-12.00 Occipital/shoulder area; Great occipital nerve (GON), supra-scapular nerve

9.00-10.00 Case presentation (4 cases)

10.00-10.15 coffee break

10.15-12.00 Live demonstration

12.00-13.00 Lunch

13.00-16.00 Intercostal nerve and abdominal wall (genitofemoral nerve (GFN), lateral femoral cutaneous nerve (LFCN))

13.00-14.00 Case presentation (4 cases)

14.00-14.15 coffee break

14.15-16.00 Live demonstration

16.00-16.15 coffee break with Q & A
